iGROW365 Recommended Products

House & Garden, the premium line of nutrient & additives for cannabis cultivation, is available to iGROW365 customers at special pricing. Formulated in Holland after decades of R&D by a new wave of biologists and biochemists, production was moved to Humboldt County, California to keep up with growing demand. H&G will work with your company to train your cultivators on state of the art feeding techniques whether you're using the iGROW365 greenhouse, automated fertilizer, or even hand watering applications. Whatever the method of cannabis cultivation, House & Garden has the right product and expertise to provide you with a superior crop.

Superior Nutrient
Science and Sourcing

Click on the QR code to watch a video showing the competitive advantage of using House and Garden Nutrients in your cultivation practices.
